

IGNITION INTERLOCK DEVICE (IID) SERVICE PROVIDERS

You are responsible for paying all costs related to the ignition interlock device, including the installation, lease, monthly monitoring, and removal of the device.

Note: You may be eligible for financial assistance to pay the costs associated with the device if you meet the standard for indigence, that is, if you have a current Food Stamp Identification Card issued by the Oregon Department of Human Services.

To request a fee waiver, you must provide proof of indigence to a service provider who is contracted with the Addictions and Mental Health Division (AMHD). Service providers contracted with AMHD are listed with a ***Financial Assistance Provided*** indicator.

DMV is only required to maintain a list of approved devices.

Company websites will have the most current location and service information.

The following is a courtesy guide of information provided to DMV and may not be current.
